**REHAU®**

Established in 1979, Euroglaze is a family business that has gone from strength to strength in recent years. Over the last quarter of a century Euroglaze have developed into one of the country's leading manufacturers of uPVC windows, doors and conservatories.

## Stylish, high performance products

Our extensive product range includes windows, doors and conservatories, all produced from industry leading REHAU profiles. Euroglaze are REHAU's longest running customer in the United Kingdom. Much has changed over the years however the relationship between Euroglaze and REHAU has remained as strong as ever.

Investment in the very latest technology has seen unrivalled quality brought to every stage of the manufacturing process.

The percentage of our products which are rejected internally or externally is now less than 0.3% and we are striving to get this even lower!

## Remote ordering

When it comes to remote ordering, Euroglaze lead the market. 80% of our customers process their frame orders remotely using Window Designer® software, this percentage is over double the market average. Why do so many of our customers order remotely? Because the benefits are simply too good to ignore! Once installed, you'll soon realise that remote ordering will enable you to grow your business.

Investment in the latest technology, lean manufacturing processes and a well trained, motivated workforce all contribute to a completely customer focussed business, supplying unrivalled levels of quality and service.

## After sales support

We consider after sales a key part of our overall service. Our production processes are continuously monitored to improve the quality of our products but on the rare occasion that a fault should occur we will respond quickly and efficiently. Our dedicated service team have years of experience dealing with the public. A high percentage of problems are resolved on our first visit and we have systems in place to make sure that any calls are followed through to their completion. Most importantly, you will be kept aware of progress. Helping to protect your reputation is the best way of protecting ours.

## Delivering the goods on time, everytime

Just as much thought is given to making sure that the products you order arrive complete and on time. Euroglaze offer a delivery service upon which you can rely.

## New customer marketing package

To support our Trade customers we have developed a powerful marketing package to make it easier for you to promote your business. Our customers now have access to a comprehensive range of literature to promote their business.

Not only does it feature all the latest product range it can be personalised with images of your own installations, your company logo, your contact details and information about your business. The literature can be supplied as low resolution files which can be emailed to customers or as print ready files that can be passed onto a printer to produce final copies. There is a choice of literature available from simple A5 give-away leaflets to a glossy in-depth brochure. The literature is only available to our customers, please call our sales department for more information.

## Personalised website design

Many of our customers know the benefits that a professionally produced, up to date website can bring to their business but producing one can be a daunting task.

To further support our customers we have developed a website which can be personalised with your logo and contact details and hosted with your own web address. We've done all the hard work! All you have to do is simply provide images and information about your business and leave the rest to us.
