REHAU® 

Impactful and highly personalised literature and website, free to Euroglaze trade customers

To support our trade customers we have developed a high impact marketing package to make it easier for you to promote your business. This includes various literature formats ranging from a detailed 8 page brochure to dropcards which can be posted in and around areas where you have completed an installation. We have also developed a striking and easy to use website. Both the literature and website can be completely personalised to your business, from logos and colours to text and images. Once completed they will be invaluable tools to help promote the strengths of your business. We've done all the hard work so you don't have to!
