

Doors

Foils

Our Edge and S706 suites come in mahogany, rosewood and golden oak foiled finishes. Plus Rehau is now offering an increasing range of coloured foils – get in touch to find out exactly what's available. Whatever colour they pick, your customers can choose either the fully foiled product on a matching base profile, or foiled one side and white on the other. All our foils come with a 5-year guarantee for complete peace of mind.

Golden Oak Mahogany Rosewood

Colours

We've teamed up with Colourkote to offer your customers every colour in the spectrum. They just pick the colour they want and we'll do the rest, spraying either one side or both sides depending on what they need.

Hinges

- We use Fab 'n' Fix butt hinges as standard, but can also supply Fab 'n' Fix Flag Hinges and Trojan Flag Hinges used in our Secured by Design units.
- As you might expect from a flag hinge, they offer an extra level of adjustment.
- Both Fab 'n' Fix and Trojan are available in a wide range of colours.

Furniture

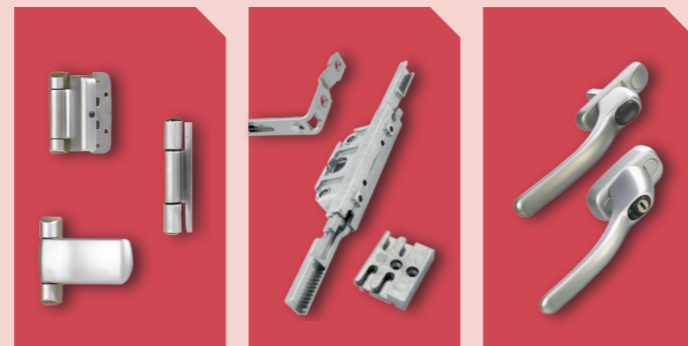

- We use Fab 'n' Fix furniture for all windows, tilt and turn and door ranges.
- Fab 'n' Fix furniture comes in a range of colours to match your customer's tastes and is fully suited.

Locking

- All our doors are fitted with MACO locks.
- Choose from four roller-cams, two hook, two hook and bolts and four hook configurations.
- We carry a full range of split spindle locks, panic bars and push pads.
- Anti-bump, Anti-snap and Anti-drill cyclinder options are available.
- Whatever your customers want, the chances are we can help.

Profiles

We manufacture our range of doors in Rehau S706 and Edge profiles, in all colour and foiled finishes.

Secured by Design

Our involvement in the commercial market has led us to develop a range of products that meet the gruelling Secured by Design standards, an initiative developed by the Police. With their toughened screws, thicker gauge steel and corner reinforcements, these super-sturdy frames really are significantly stronger than standard frames. They're tested to withstand thousands of Newtons of force, making them tough enough to make even the most persistent thief look for another target.

Specify doors from Euroglaze and you get more than thirty years of experience from one of the country's top manufacturers of uPVC windows, doors and conservatories. Our range of doors includes residential, French and patio doors. Whatever the job, whatever the property, we've got the perfect door.

We've invested in the latest technology, lean manufacturing processes and workforce training to provide the best possible product quality and customer service.

In fact our obsession with quality means that only 0.3% of our products are rejected either internally or externally, and we're working hard to reduce that figure even further.

We're equally fanatical about making sure all our products and orders are supplied right first time and that dealing with Euroglaze is a stress-free experience. Add to that our industry-leading Marketing Support Package with its high quality literature and website designs, and our commitment to total customer satisfaction is clear.
